Front-End / MERN Stack Developer with 1.5 year of experience designing and building responsive, scalable web applications using React.js, HTML, CSS, and JavaScript. Skilled in creating intuitive user interfaces, integrating RESTful APIs, optimizing performance, and adhering to accessibility and UX best practices. Passionate about writing clean, maintainable code and staying updated with modern front-end frameworks and technologies like React.js.

PROFESSIONAL EXPERIENCE

CEDRUS GROUP (PVT) LTD.   **Abbottabad, KPK**
Front-end Developer   *Mar 2024 - Present*

- Developed and maintained responsive front-end interfaces using React.js aligned with modern design principles and accessibility standards.
- Built and integrated RESTful APIs with the front end for seamless data communication and dynamic rendering.
- Optimized application speed and performance through advanced caching strategies and backend refinements.
- Collaborated in agile teams to transform Figma/UI designs into functional and scalable web pages.
- Designed user interfaces with HTML, CSS, and JavaScript, ensuring cross-browser compatibility and responsiveness.
- Developed reusable components for scalable code architecture and maintained consistent UI across modules.
- Contributed to an online paper-checking system, implementing features with an emphasis on usability and minimal risk.

EDUCATION

COMSATS UNIVERSITY OF SCIENCE & TECHNOLOGY   **Abbottabad, KPK**
Bachelor of Computer Science   *Mar 2020 – mar 2024*

PROJECTS

- **PPAI:** System that generate past papers for A-levels and O-levels students. Focused on building UI.
- **Sync care Web App**: A healthcare management platform using the React. Focused on clean UI/UX, responsiveness, and efficient patient-doctor communication.
- **Learning Management System:** Developed the front-end UI using HTML5, CSS, JavaScript, and React for a responsive and user-centric learning portal.
- Ensured accessibility and optimized performance across devices.

ADDITIONAL SKILLS

- React.Js
- Node.js
- API Integration
- Material Ui
- CSS
- HTML
- Java Script
- Mongo Db
- Version Control
- Jira
- Problem Handling
- Oop
